Dear Mr. Roost:

Pratt & Whitney (P&W) has qualified Listemann AG as a source of PWA 16-1M.

P&W Materials Control Laboratory Manual "F" Sections establish controls for chemical and metallurgical processing performed by P&W qualified sources. Compliance with these controls, and with applicable specifications, is necessary for continued qualification.

Continuance of the qualification also depends on maintaining facilities, procedures, equipment, and controls to P&W standards as determined by our periodic surveys, and our routine testing of your product. Qualifications for materials and procedures not used on P&W parts for one year may be discontinued at the discretion of P&W.

Sincerely,

Mark Phalin, Manager
